Embark for a unique cruise for three nights on Africa's Largest Man Made Lake - Lake Kariba. Lake Kariba stretches the long border between Zambia and Zimbabwe, and represents a precious resource for the animals that gravitate to its shores. These days are marked by wildlife along the banks of the lake, water safaris to islands and inlets of Matusadona National Park (Zimbabwe), and African Sunsets viewed from the Sun Deck. On land and on water safaris, we'll take you to the deepest treasures on the African continent. Encounters with mammals that dot the shores will be on small boats and once the engines are cut, you'll experience the wild up close - revealing in the sounds of nature and the animals just a few metres away.

### **Suggested itinerary:**

#### **Day 1: Johannesburg (South Africa)**

Arrive in Johannesburg by 11.30am to meet your guide and other passengers. After lunch have a guided coach tour of the city including a visit to the Apartheid Museum focused on South Africa's turbulent 20<sup>th</sup> Century history. Johannesburg is a city of contrasts, South Africa's financial capital, the richest town in Africa, and the divide between rich and poor is vast. The city has a vibrant, lively atmosphere with much evidence of the urban revival. Check into the hotel with time to settle into our rooms before dinner.

#### **Day 2: Johannesburg – Kasane (Botswana)**

Take a flight from Johannesburg to Kasane, Botswana. We use small boats to reach our exclusive 5-star safari lodge. Watch for the numerous birds living among the flooded flatlands and with luck we may even catch a glimpse of hippos or crocodiles basking in the sun. You'll be greeted by our crew upon arrival and settle in to your beautifully appointed bungalow, then dine in absolute tranquillity, at the heart of the wilderness.

#### **Day 3: Chobe National Park**

Spend a full day on safari to explore Chobe National Park, home to more than a quarter of Africa's elephants. Have lunch in a "floating restaurant" in the middle of the river surrounded by nature. Afterwards, sail up the Chobe River aboard small private boats, to Sedudu Island and its marshes once the subject of a border dispute between Botswana and Namibia. Return to the lodge for dinner and overnight.

#### **Day 4: Impalila Island (Namibia)**

Head to Impalila Island, at the easternmost tip of Namibia, to visit traditional Namibian villages and learn about the culture, customs and history of the local people. We return to our lodge for lunch. This afternoon, there is free time to relax at the lodge, or join an optional cruise on the Zambezi River on small private boats. We dine at the lodge, then after dinner hear from a local about the traditions the island.

#### **Day 5: Kasane – Lake Kariba**

Transfer to Kasane airport for a small plane flight to Kariba. This is a truly scenic flight, with wide-ranging views over Lake Kariba and the changing landscapes of the wilderness. From Kariba airport transfer you to our luxury hotel barge for lunch. After lunch we begin our journey across the lake. Lake Kariba was created by damming the Zambezi River at Kariba Gorge in the 1950's. Flooding flatlands, hills and forests, created unique and iconic landscapes. Kariba's shorelines are home to large populations of wildlife and its waters teem with fish. There is much to explore, as the lake is over 200km long and about 40km across at its widest point.

#### **Day 6: Lake Kariba, the Gache-Gache River and Sanyati Gorge**

At sunrise, we sail through the mysterious landscapes of Lake Kariba where drowned trees reach skywards from the depths of the reflective water. On small private boats we meander along the Gache Gache River to discover its tiny, unspoiled inlets, unique wildlife and magical atmosphere. Return to the barge for lunch. In the afternoon, until sunset we sail through the Sanyati Gorge, one of the most impressive gorges at Lake Kariba.

#### **Day 7: Lake Kariba and Matusadona National Park**

Safari in and around Matusadona National Park this morning, bordered by the Sanyati and Ume Rivers, the park is home to elephant, hippo, crocodile, buffalo and abundant birdlife, including the African sea eagle, the yellow-billed stork, and the black heron. We may spot lion, leopard or the rare black rhino. Return to the ship

for lunch at sail. In the afternoon enjoy an intimate discussion to learn more about the lake's creation, its inhabitants and its ecosystem.

### **Day 8: Lake Kariba – Victoria Falls (Zimbabwe)**

At sunrise, set sail towards Kariba, passing the gigantic Kariba Dam, built between 1955-58 to form the lake which today provides 70% of Zimbabwe's power. Learn the legends around the creation of the lake, including the tale of NyamiNyami, the river god. Fly from Kariba to Victoria Falls and join a lunch cruise upstream on the Zambezi River. In the afternoon we set off by foot towards Victoria Falls, one of the most spectacular attractions in Africa and one of the most unusual waterfalls in the world. From a vantage point with exceptional views; see the Zambezi River plunging over the cliff to become the largest waterfall in the world, creating the *smoke that thunders* (from the indigenous Lozi name for the falls, *Mosi-oa-Tunya*). Farewell dinner is a traditional outdoor *boma* dinner glittering African sky, with traditional dance and music.
