## Suggested itinerary:

### Day 1 - Homestead to Black's Gap Camp

**Walking time @ 4-5 hours – distance @ 12km**

Meet your guide at the homestead at 10.00am and, over a cup of tea, listen to an informative briefing of what to expect over the coming days and nights. Depart by road for the 35-minute drive to our starting point at Wilpena Pound Resort and set off on foot on the first leg of the trail. The distance today is approximately 12km, from Wilpena Resort into Wilpena Pound, crossing the interior before the brief ascent to the rim of the Pound. From here, enter the conservation wilderness and descend off the lip of the Pound to Black's Gap Camp.

Expect to walk into camp at around 5.30pm; take a hot bush shower and enjoy a cuppa or something a little stronger, while enjoying the evening light on the Pound behind camp. Our camp is located between Bunbinyana Range and Wilpena Pound, on a site occupied by a shepherd in the late 1850s. His stone chimney place still exists and we camp overlooking the creek where he took his water. Our guides and camp assistant prepare a three-course dinner, taken al fresco under the evening sky and accompanied by fine wine and some interesting tales about the Flinders / Wilpena area. Turn in to your deluxe swag and enjoy a night under a canopy of stars.

### Day 2 - Black's Gap Camp to Elder Camp

**Walking time @ 6-7 hours – distance @ 10-14km**

Today's walk covers a magnificent 10 to 14km of distance – we can vary the route depending on fitness and interest. This day is arguably the most scenic, as we move out from Black's Gap into the rolling hills more suited to the sheep farming activities previously carried out across the property, with more open vistas. The first two kilometres of the hike follow the famous Heysen Trail through Black's Gap itself. We gain a fascinating insight into the pastoral history of the region as we pass through areas that once were cultivated for wheat, pausing at old shepherds' camps and mustering yards, with Red and Grey Kangaroos and emus all regular sightings. The last leg of the day will take us slightly west into the hills and up to the very base of the Elder Range among beautiful stands of native Cypress trees.

Our luggage and swags are transported by vehicle to Elder Camp, and we plan to arrive into camp around 5.30pm in time for a hot shower, a three-course dinner and another beautiful night under the stars.

### Day 3 - Elder Camp to the homestead

**Walking time @ 6-7 hours - distance @ 10-14km**

Wake to the morning light on the Elder Range directly ahead and above you. We walk with plenty of time to stop for photographs, bird watching, botanizing and discussion. We traverse multiple habitats today, as we move south east – the first few kilometres amongst the hill country at the foot of the Elder Range, through mature Mallee and Native Pine forests as we cross Slaty Creek. This creek holds water well into the dry season and sometimes offers the opportunity to drink from crystal clear, ice cold springs. From here, we progress up to the ridge top of the beautiful Red Range before beginning our descent to Arkaba Creek. The riverbank is home to hundreds of magnificent River Red Gums, and is quite spectacular. With strategic stops along the way for rests and relaxing lunch in a shady spot, we plan to arrive at our final destination, the homestead, mid-afternoon.

Your hosts ensure a friendly and personal level of attention that is typically 'down to earth' but does not lose sight of the attention to the small details that are so important in delivering an outstanding outback experience. Enjoy a taste of luxury at the homestead: a beautifully prepared meal and some excellent South Australian wines in a quintessentially Australian outback setting – although the real luxury comes in sharing this spectacular conservancy with just a handful of other guests.

### Day 4 – Tour ends at the homestead to Woolshed

**Optional walking time @ 2 hours – distance @ 6km**

Enjoy a leisurely breakfast at the homestead before check out at 11.00am. There is time to relax by the pool or take a drive or a self-guided walk along creek to the historic Woolshed where, still to this day, we find names of shearers etched on the walls, dating right back to the late 1800s.
