Bikes are available for hire with all boats at all bases at €40 per bike per week. **THE CANAL DU MIDI** - The Midi is the best known of the French waterways. Built in the 17<sup>th</sup> Century, the entire Canal du Midi is a UNESCO World Heritage site. This means that a cruise along the Midi is a journey back in time, through a region – including the city of Carcassonne – steeped in history and places of interest.

The base at Capestang is 20km from Beziers. Capestang is on the "Grand Bief" - the longest lock-free stretch of Canal in France. This 54km-long pound effectively allows you 108km of cruising, without passing a lock, as the canal twists and turns following the same contour line under the shade of the magnificent plane trees.

Castelnaudary was once the largest port on this stretch of the Midi and still has excellent port facilities. The railway station is on the Toulouse-Narbonne line and is less than a kilometre from the port.

The one-way cruise between Castelnaudary and Capestang (one week, about 28 hours of cruising) includes the medieval city of Carcassonne, the pretty port of Le Somail, the villages of Homps, Bram, Puichenic, Marseillette and Trebes, and the chance to cruise the "Grand Bief".

**THE CANAL DU NIVERNAIS** flows through rolling Burgundian countryside just 2 hours south of Paris. The canal du Nivernais is the canalised River Yonne and, therefore, one of the many charms is the change from river cruising to canal cruising along the prettiest stretch of waterway between Auxerre and Clamecy. The base at Vermenton allows you a relaxed cruise between Auxerre and Clamecy, both delightful towns, stopping at the numerous charming villages to sample the fine cuisine and wine famous in Burgundy.

Tonnerre on the Burgundy Canal gives a wide range of cruising opportunities in the Burgundy region especially as a one-way destination from Vermenton. The port provides access to a good selection of shops and restaurants and Tonnerre is a charming little town with a medieval center with highlights including the Fosse Dionne, Hôtel-Dieu, Cathedrale St-Pierre and surrounding vineyards. It is an ideal location both at the beginning and at the end of the cruise and allows us to offer cruises both on the Nivernais and the Burgundy canals and also opens the possibility of cruising on the River Yonne. The one way cruise between Vermenton and Tonnerre is ideal for a one week trip with 26-28 hours of cruising.
