

HOLLAND – SPRING TULIP SHORT BREAK

5-days/4-nights Easy & flat **PREMIUM PLUS / PREMIUM / STANDARD** cycling cruises from Amsterdam

Holland in springtime is awash with the colours and fragrances of fresh flowers, especially the millions upon millions of brightly coloured tulips. This short 'spring break' tulip tour offers a taste of the season, taking in many Dutch icons, windmills, dikes, wooden clogs and cheese, with the focus very much on the tulips: ride past row after row of flowers in bloom and visit the world-famous 32-hectare Keukenhof Park, perhaps the most beautiful spring garden in the world.

Accommodation aboard Premium Plus or Premium barges, modern and elegantly appointed, with spacious lounge and dining areas for relaxing after the day's ride and cabins with lower beds (no bunks) and private bathroom facilities. Premium Plus barges have a limited number of Premium Twin cabins or Upper Deck Suites whilst the Premium barge has just a few Upper Deck cabins. Standard Plus barges are simpler and smaller, with cosy cabins usually furnished with split level beds (one bed is higher and may require a climb on a small ladder or step-up, but the beds are not directly above/below each other).

Bike & Barge cruising combines two popular ways of exploring Europe's waterways, towns and villages: cycling and river cruising. This 5-day cycle cruise is the perfect introduction to this style of holiday. The cycling is mostly flat and generally easy to moderate with up to 40 kilometres in a day. Partners of different abilities and interests can holiday together (trips are just as interesting for leisure cyclists OR cycling enthusiasts), and you unpack once and come 'home' each night to a wonderful meal and a comfortable cabin with your own bathroom.

Suggested itinerary: subject to change. Cycling distances shown are approximate.

Day 1: Amsterdam – Zaandam

Plan to embark between 1 and 2pm. We begin the tour with a short cruise to Zaandam, famous for its windmills and cheese-making. The barge moors in the picturesque city centre and after dinner there is time for a walk.

Day 2: Zaandam – Zaanse Schans – Haarlem

cycling @ 24km

After breakfast we cycle a short distance to Zaanse Schans, an open air museum with a unique display of original houses and windmills from the river Zaan area. It is dominated by colourful windmills, the oldest built in 1673 for grinding mustard, spices, paint and oil, and to power sawmills. Visit a clock museum, an old-fashioned grocery store and houses with period furniture, a traditional wooden clog maker, and a cheese farm. In the afternoon you have a choice: board the barge and cruise to Haarlem, or stretch your legs and cycle (approx. 24km). Either way the scenery is enjoyable. Haarlem has a well-preserved city centre with many historic buildings. After dinner we should have time to visit some of Haarlem's many sights, including the Grote Markt, St Bavo's Church, the Town Hall, and the Weigh House.

Day 3: Haarlem – Keukenhof – Oude Wetering

cycling @ 40km

We cycle this morning to the magnificent Keukenhof Gardens, the most beautiful tulip bulb park in the world. Keukenhof offers visitors an overwhelming blaze of spring colours, with seven million flowering tulips as well as hyacinth, narcissi, crocuses, blossoming trees, azaleas, rhododendrons and more, over a magnificent 80 acres. Pavilions offer unique flower shows and a variety of gardening styles, from formal parterres to Japanese style

gardens. Keukenhof is also a sculpture park, with many sculptures and *objets d'art* dotted throughout. After our visit to the park, we cycle to Oude Wetering, a small village where our barge awaits.

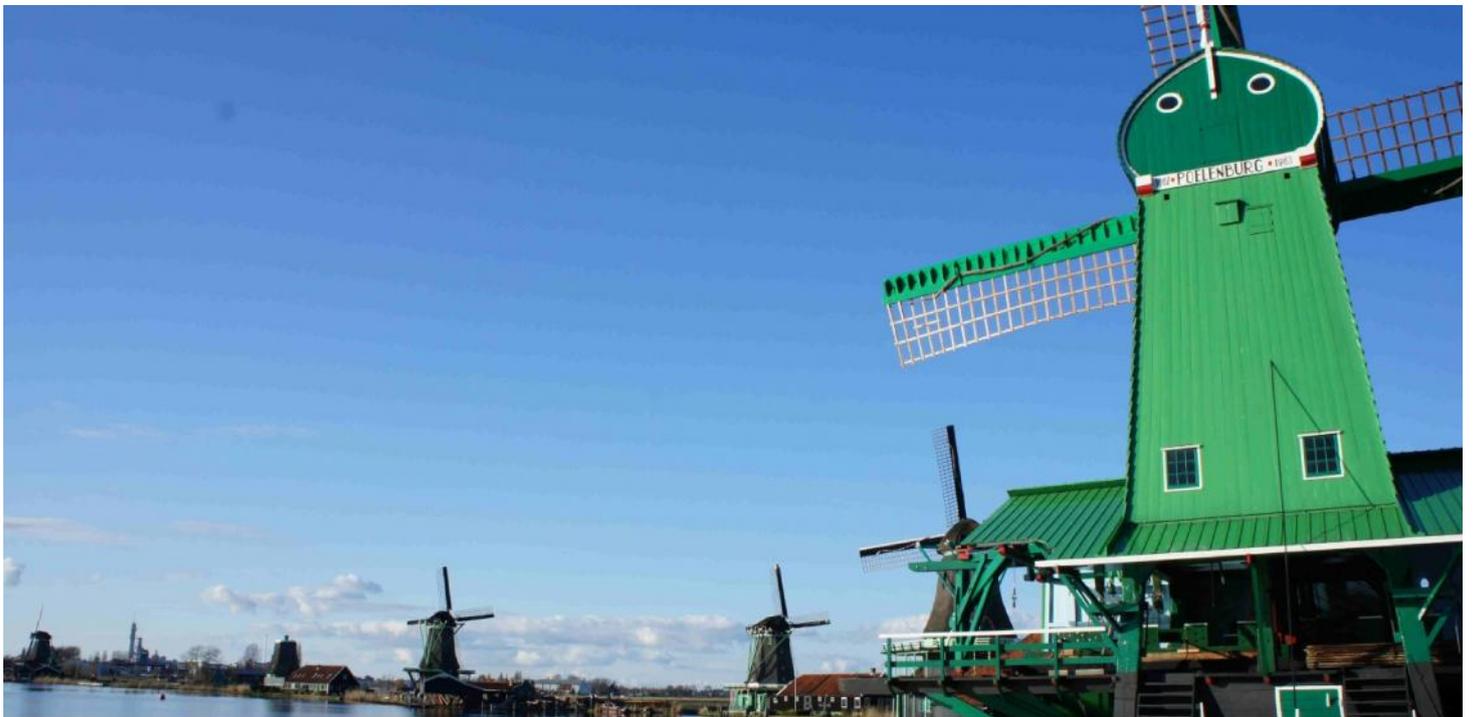

To maximise your time at Keukenhof, you can arrange to take a bus from the barge in the morning and a taxi back to the barge in the afternoon, both paid locally.

Day 4: Oude Wetering – Aalsmeer flower auction – Amsterdam **cycling @ 28km**

An early morning visit to the flower auction in Aalsmeer. Every day Bloemenveiling Aalsmeer sets the world price for flowers and plants shipped in from all over the world (including Australia, Israel, Ethiopia and Colombia) and sold using the auction clock – large and small batches of flowers are dealt with in fractions of seconds. From the gallery we see the crates of flowers, experience the hustle and bustle of auction and marvel at the astonishing logistics, as the flowers sold are exported back out of Holland to destinations worldwide. After the early morning flower auction, return to the barge where a late breakfast awaits us. Afterwards either work off our meal by cycling about 25km through the 'Waterland' to Amsterdam, or sit back on the barge and enjoy the cruise to the city. The afternoon and evening are at leisure to explore cosmopolitan Amsterdam.

As the Aalsmeer flower auction does not operate on weekends or public holidays, the tour itinerary may be altered or reversed in order to accommodate a visit to Aalsmeer.

Day 5: Departure day. Tour ends after breakfast in Amsterdam.
