

## SWEDEN & DENMARK: STOCKHOLM TO COPENHAGEN

8 days / 7 nights **SELF-GUIDED** inn-to-inn easy to moderate cycling tour of coasts & castles

With so much to offer, this exciting cycling holiday visits the Northern European countries of Sweden and Denmark, cycling between Stockholm to Copenhagen. We explore the Scandinavian capital cities and follow the Kattegattleden cycle route along Sweden's picturesque West Coast. The bike trail on Sweden's west coast forms a part of the 5,900 kilometre *EuroVélo North Sea Cycling Route*. We sample a portion of that epic coastal journey, from Gothenburg to Helsingborg, the route mostly following the sea, travelling through open countryside, nature reserves and verdant farmland. As you draw closer to Gothenburg the landscape changes, with dramatic cliffs, lush forests, sheltered bays and quaint harbours.

Discover the UNESCO listed royal palace at Drottningholm, the fascinating archipelago of Gothenburg, nature reserves alive with birdlife, unique regional cuisine and culinary highlights, the waterfront cityscape of cosmopolitan Stockholm, an archipelago of 14 islands on Lake Mälaren, and finally the Nordic capital, Copenhagen, a city famed for its cycling infrastructure.

Seafood is the a real highlight – locally caught lobster, prawns, langoustines, mussels, oysters and of course herring, served in almost any way you can imagine; smoked, fried, pickled, marinated, baked, *au gratin*, with dill, beetroot, mustard, onion, or even blackcurrants or lingonberry jam. Explore these various tastes as you cycle through picturesque fishing villages and rural countryside as well as these two great capitals cities.

Ride on well sign-posted cycle paths, gravel roads and quiet backroads on bikes that are ideally suited to the terrain. The route is mostly flat, with few sections that are slightly hilly and as you approach the cities, short sections of the ride are on busier roads with more traffic.

There is a Chinese Pavilion built in the 18<sup>th</sup> Century when the European fashion for *Chinoiserie* was at its zenith. As time allows visit the museum in the fortress (entry cost not included), or see Bocksten Man - the remains of a 14<sup>th</sup> Century man who met a violent death and was discovered in a peat bog at a nearby farm in 1936. His clothing, personal effects and even his hair are remarkably well-preserved. Also not to be missed in Varberg is the UNESCO World Heritage-listed Grimeton radio station built in the 1920s for wireless transatlantic communication, and the 1903 bathhouse with its mix of Gothic and Moorish architectural styles; an ideal place for a relaxing traditional sauna.
