

## GERMANY– ALONG THE RIVER MOSELLE VALLEY

7-days / 6-nights **SELF-GUIDED** inn-to-inn cycling from Trier to Koblenz

**VALUE TOUR**

Cycle along the scenic and mostly flat Moselle valley cycle route on this self-guided inn-to-inn tour, following the course of the beautiful Moselle River as it meanders and loops past endless vineyards clinging to the steep valley slopes, past storybook villages and romantic towns. We start in Trier, an interesting and lively city full of history, the oldest city in Germany. Birthplace of Karl Marx, Trier was a Roman capital founded by Caesar Augustus under the name of Augusta Treverum, and there is much Roman history to explore here.

Continue through the charming and picturesque towns of Trittenheim, Bernkastel-Kues, Zell, and Cochem. As we cycle through one of German's great wine-growing areas and learn about the local wine, tasting is on the menu too. The main varietal is Riesling, a white grape variety which dates back to the 15<sup>th</sup> Century and is known as the 'Queen of grapes'. We finish in Koblenz, where the Moselle meets the Rhine.

This cycling route along well-maintained cycle paths offers mostly flat and easy cycling. Self-guided travel offers flexibility - cycle at your own pace, stop and relax or explore secure in the knowledge that your room is waiting for you, your bags have gone ahead and the river is your guide.

We offer you the choice of either the standard tour with Bed & Breakfast or you can add a Half Board option which includes breakfast and dinners - usually based on traditional local cuisine – which we highly recommend.

## Suggested itinerary:

### Day 1 Arrive in Trier

Plan to arrive at the hotel in Trier, where you stay two nights, by mid-afternoon with time to collect your travel documents and bikes.

### Day 2 Free day in Trier

Trier has been a city for over 1000 years; the Romans made it the capital of their Northern Roman Empire. There are many Roman remains to explore: the Porta Nigra city gate, dating from the first century AD, the Roman baths and the amphitheatre. There is also a modern shopping centre, the birthplace of Karl Marx, and the Trier Cathedral. Trier is a lively university city with many international students. Perhaps take a boat excursion on the Moselle to view the city from the water, or walk up Petrisberg, a steep wooded hill, for views from above.

### Day 3 Trier - Trittenheim

**cycling @ 40/45km**

Head off on the Moselle cycle path to Trittenheim. This picturesque town is situated on one of the many bends of the river, surrounded by vineyards. Wine-tasting is an option here so be sure to sample some of the local wines.

### Day 4 Trittenheim - Traben-Trarbach

**cycling @ 45/50km**

Past more vineyards of the mid-Moselle wine region to Bernkastel-Kues, an old and picturesque town; you may like to take some time to explore the market square and timber-framed houses. Afterwards continue cycling to Traben-Trarbach, with both Belle Epoque and Art Deco architecture along with ancient city walls.

### Day 5 Traben-Trarbach - Cochem

**cycling @ 55km**

As you near Bremm you may like to take a short detour across the river to the Klosterruine, the ruins of the 12<sup>th</sup> Century Stuben monastery. From here you can see the steepest vineyard in Europe, the Calmont, at an incline of up to an amazing 76%. Following the Moselle you reach Beilstein and finally romantic Cochem, a small town amid steep vineyards and wooded hills. It has a medieval fortress and again a picturesque town centre with beautiful timber-framed houses. Arrive into Cochem with time to visit Reichsburg castle.

### Day 6 Cochem - Koblenz

**cycling @ 50km**

Cycle today via Klotten, where the ruins of castle Coraidelstein rise above the town, to Moselkern; if time permits you may like to visit Eltz castle here - high on the cliffs, the castle is one of the few that has never been destroyed during its long history. Further on the medieval castles of Bischofstein and Thurant loom above and you pass through the wine-producing villages of Kobern-Gondorf and GÜls en route to Koblenz. Its name comes from the Latin Confluentes (confluence). The statue of Emperor Wilhelm of Prussia on the 'German Corner' – the point where the Moselle and Rhine meet – is an impressive landmark, as is the Ehrenbreitstein fortress.

### Day 7 Depart Koblenz. Tour ends after breakfast.
