

FRANCE – BURGUNDY AUXERRE/SENS TO MORET-SUR-LOING or vv 8-days / 7-nights easy to Moderate **PREMIUM PLUS** GUIDED cycling cruise with **E-BIKES**

We have secured a limited number of berths on two barges for a cycling cruise in the heart of Northern Burgundy. Known as “*The Land of Good Living*”, it offers a combination of rolling vineyards, woods and farmlands, ancient medieval villages, meandering rivers, and some of the best wines, cheeses and traditional dishes found in France. There is a laid-back lifestyle, a sense of friendliness and a generally mild climate.

Starting in Auxerre, a riverside town of church spiers and 16th century architecture, or in the historic town of Sens with its magnificent Gothic Saint Etienne cathedral, we ride through cities and towns of great cultural, artistic and historic significance and icons before ending our week in Moret-sur-Loing, a charming medieval fortified town much favoured by painter Alfred Sisley. The cycling route alternates between easy stretches of freewheeling alongside the river Yonne and more challenging uphill sections that lead to spectacular views.

Our **PREMIUM PLUS** barges offer a high standard of meals and cabin accommodation, with lower twin beds, ensuite bathrooms and air-conditioning. On the main deck there is a comfortable, air-conditioned lounge with panoramic windows, dining area, seating corner and a small bar. There is a spacious sun deck with chairs and tables, where you can relax and enjoy the scenery, great for photography.

A Bike & Barge cycling cruise is an opportunity to explore at a relaxed pace. Each day you can join a guided bike tour, cycle independently and meet up with the group at the boat or stay onboard to enjoy the canal and river cruising. In the evenings the guide may offer a city walk to a local café or bar. Unpack once and come ‘home’ each night to a wonderful meal and a comfortable cabin with your own bathroom. Well-maintained **E-bikes** with helmets and panniers are provided – enjoyable, easy to ride, and ideal for this route.

Day 1 (Tuesday): Arrive Auxerre

Plan to arrive around 2pm at the barge moored in Auxerre. From Paris there are regular services between Gare de Bercy and Auxerre. After a welcome from the barge crew, bike fitting and a delicious dinner aboard, there is ample time for an evening stroll through Auxerre, a beautiful river town of majestic church spires and streets lined with 16th century timber houses.

Day 2 (Wednesday): Auxerre

cycling @ 30 - 45km

The barge stays in Auxerre today, so you have the option to either stay, relax and take in more of the sights of the town, or cycle with your guide along the Yonne River en route to the “Caves de Bailly”. This vineyard is famous for its sparkling Cremant de Bourgogne and limestone caves. The nearby vineyards of St Bris and Irancy are also well worth a visit, as are the paintings of George Hosotte in the Chapelle de Bailly.

Day 3 (Thursday): Auxerre – Joigny

cycling @ 30 - 45km

Today cycle northwards through the Yonne River valley, toward Joigny. There are two routes: the longer takes in the countryside of Brienon-sur Armencon, before following the beautiful Burgundy canal to Migennes where it crosses the river Yonne. There board the barge for an afternoon cruise to Joigny, a picturesque little town with a long and storied wine history as well as several historical monuments, ancient churches and townhouses with carved renaissance facades from the 16th and 17th centuries.

Day 4 (Friday): Joigny – Villeneuve-sur-Yonne

cycling @ 20 - 45km

Spend the morning on a loop ride through the local vineyards for a tasting of some of Burgundy's finest wines. Return to Joigny for lunch, after which you have the option to board the barge for a leisurely cruise to Villeneuve sur Yonne or enjoy an afternoon ride to the town of Saint-Julien-du-Sault to visit the 13th century Saint-Pierre church with its magnificent stained-glass windows. The mooring point tonight is in the lovely, lesser-known town of Villeneuve where sunset is the perfect time to explore its medieval gate towers and strings of gardens.

There will be time afterward to shop, stroll through the marketplace or acquaint yourself with the many restaurants Sens has to offer, as there is no dinner included tonight.

Day 6 (Sunday): Sens – Pont-sur-Yonne**cycling @ 20 - 45km**

On the final cycling day, visit Montereau-fault-Yonne, a town situated at the confluence of the Yonne and Seine rivers.
