

CANAL & WATERWAY HOLIDAYS IN ENGLAND WALES & SCOTLAND

Includes Stratford-upon-Avon, the Midlands, Llangollen Canal in Wales, Bath & most major canal rings

Our traditional narrowboat canal and waterway holidays offer the best boating experiences with a host of award winning, experienced fleet operators. With carefully selected bases, a range of cruising routes and a substantial fleet of fully equipped, carefully crafted, quality narrowboats (all independently inspected each year by the English Tourism Council) we believe you are guaranteed quality, fun, safety and the most relaxing holiday you can imagine.

Gliding along the calm canals, you can sit back and enjoy the quintessentially English countryside. Notice the towpaths where horses and men once pulled the canal boats. Visit picturesque villages with atmospheric country pubs and eateries. If you are feeling energetic stop and stroll along quiet country walking paths.

Outdoor Travel can help you plan a unique canal boat holiday that you will remember for a lifetime. Whilst the canals are narrow, the locks exact and the bridges low, the operation of these boats is simple and we have a wide range of boats for you to choose with various cabin layouts. There are different bed (double, twin, bunk) and bathroom configurations and a variety of bases across England, Wales and Scotland.

Starts: WEEKLY (Saturdays), MID-WEEK (Monday to Friday) or LONG WEEKEND (Friday to Monday)

NARROWBOAT BASES IN ENGLAND, WALES AND SCOTLAND

Explore Victorian England's industrial heritage from the unique perspective of canals that were built as part of the industrial revolution. See the Anderton boatlift - a stunning feat of 19th Century engineering that carries two boats at a time or the Llangollen canal in North Wales with the famous Pontcysyllte Aqueduct.

Discover the urban environments of London, Manchester and Birmingham or the small mill towns of Lancashire by traditional narrowboat. See medieval England in many of the towns and villages. Visit historic Tewkesbury with its timber-framed buildings and traditional overhanging eaves and a maze of alleyways behind the main streets. Be awed by Worcester Cathedral, the vision of Bishop Wulfstan in the 11th Century.

Take a short break holiday from Gayton – not an hour from London yet far from the maddening crowd. Enjoy cruising through rural countryside with lovely canal-side pubs and restaurants. Stroll through the streets of Stratford-upon-Avon, the birthplace of Shakespeare with its many gardens and shops and moor beside the Royal Shakespeare Theatre Company with tickets for a play.

Base information – here is a selection of SOME of the more popular routes:

Coloured circuits or ‘Rings’ can be followed from the main bases for those who have time and who want a circular route. Talk to us or the base staff as to which ring is possible, the time it can take (given delays for locks and other canal traffic) and the direction.

Narrowboats must be returned to the starting base – one-way hires are not allowed.

TYPES OF NARROWBOATS AVAILABLE:

The first impression when you step inside our Canal Boats is one of unexpected space and light. For people who have not been on a narrowboat before the interior comes as a surprise, as the compact nature of the boat is well mitigated by clever design. When you unpack, you'll find we have anticipated your storage needs, with plenty of wardrobes and drawer space, but it's when you start to live on board that our boats come into their own. Central heating, running hot and cold water to the shower, basin and sink (there are two showers and basins on the larger boats), flushing toilets, full cooking facilities and fridges, TV, radio and an inventory of equipment that seem never ending.

The controls are as simple as can be - start/stop, forward/reverse, left/right. A child could drive one of our boats, in fact, under supervision they often do. All our boats are Tourist Board inspected and given an English Tourism Council star rating each year so you can be assured that the highest standards are maintained. We have a range of Canal Boats starting from 2-4-berth and going up to 10-12-berth.
